

WESTERN IRRIGATION DISTRICT

October 30, 2023

Dear Water User,

RE: CHANGES TO HOUSEHOLD WATER AGREEMENTS

Please be advised the Western Irrigation District has changed their Household Agreements and added Rural Water Use Agreements to better suit your water needs. These are based on the volume of water you require for your Home or Business and would like to also define if you have livestock (any animals requiring water from our works please indicate an estimate of animals) due to our Bylaw 355 for any drought years, as life has water priority.

Due to these changes we have noted that your current agreement will be affected and will no longer be applicable. We are giving you 60 days written notice of cancellation as per your current Household Agreement which will be replaced with one of the agreements as noted below:

Households

- **Household Yard & Garden** – 1-acre foot of water (1,250 cubic metres) for the irrigation of yards and gardens. The 2024 rate for this agreement has been set at \$700.00 plus GST.
- **Household Yard & Garden Storage** – 1-acre foot of water (1,250 cubic metres) for the irrigation of yards and gardens with an inline or off-stream storage reservoir/dugout. The 2024 rate for this agreement has been set at \$600.00 plus GST.
