

### **Application Instructions**

1. Enter the name and contact information for the primary contact for this application
2. Select if the applicant is the Owner or a Lessor of the lands being applied for
3. Enter the total number of acres being applied for on this application (cannot exceed 150 Acres total)
4. Indicate if there are existing acres on the parcel(s) being applied for.
5. Enter the legal land description, Registered owner (as per land title), # of acres for each parcel being applied for.
6. If you have the number of acres indicated on the land classification, please enter it or the district will amend once Land class is received.
7. If you have the number of acres indicated on the Irrigation (pivot) plan, please enter it or the district will amend once Irrigation (pivot) plan is received.
8. Add any additional comments that would be applicable to the application
9. The application Checklist will be filled out with the district staff as items are completed.
10. Review and initial each acknowledgement.

### **Important Information/Definitions:**

- Each application is subject to an application fee equal to the capital asset charge for 1 acre (the 2025 amount is \$1,700) the district will not be collecting a deposit on applications.
- Each application cannot exceed 150 acres total.
- Each applicant must not be associated with other applicants as their totals would exceed the 150-acre total. "Economic Unit"
- "Economic Unit" includes
  - a person or Entity that, in any manner whatsoever, directly or indirectly:
    - controls or carries on any business; or
    - owns or leases any land or personal property;
  - two or more persons or Entities or combination thereof, that collectively or in combination, in any manner whatsoever, directly or indirectly:
    - control or carry on any business; or
    - own or lease any land or personal property;
  - any person or Entity that receives a benefit from an Economic Unit; and
  - any person or Entity who holds legal title to land or personal property, or a business on behalf of or for the benefit of an Economic Unit.
- Timing will be dependant on legislative requirements to complete the process and it may take up to 3-6 months. Options for 2025 irrigation needs may be available if irrigation acres cannot be awarded before water season.
- All agreements are subject to Remote Delivery Agreements, Easements and/or access agreements before being finalized where applicable. Additional fees may apply.

<b>Acknowledgements</b>								
<b>I acknowledge:</b>							<b>Initials</b>	
<i>that I am the applicant for new irrigation acres and I am not applying on behalf of another entity, family member, business associate, employer or partnership that is also applying for new irrigation acres at this time;</i>								
<i>this form is an application only and does not constitute a contract or guarantee of new irrigation acres being issued; nor does it in any way authorize the use of water from the district's system.</i>								
<i>Proper board approval and contracts must be in place prior to any use of water;</i>								
<i>that excess acres will not be awarded. Applications may be adjusted to match the Land Classification and/or the Irrigation (Pivot) Plan once provided and acres will not be awarded without required documents;</i>								
<i>if the district does not received the required documentation, this application will expire after November 30, 2025 and a new application will be required for future distributions;</i>								
<i>the district will review existing acre utilization and recommend any adjustments due to excess acres or acres needed with current irrigation systems;</i>								
<i>the district is looking at increasing acre utilization and existing inactive acres I own need to be utilized prior to new acres being awarded;</i>								
<i>the application fee is non-refundable;</i>
