## **✓** Acknowledgements

*Please check each acknowledgement to confirm you have read and understood it.*

- I am the applicant for new irrigation acres and I am not applying on behalf of another entity, family member, business associate, employer or partnership that is also applying for new irrigation acres at this time.
- This form is an application only and does not constitute a contract or guarantee of new irrigation acres being issued; nor does it in any way authorize the use of water from the district's system. Proper board approval and contracts must be in place prior to any use of water.
- Excess acres will not be awarded. Applications may be adjusted to match the Land Classification and/or the Irrigation (Pivot) Plan once provided and acres will not be awarded without required documents.
- If the district does not receive the required documentation or signatures from the irrigator(s), this application will expire after 6 months and a new application will be required for future distributions.
- The district will review existing acre utilization and recommend any adjustments due to excess acres or acres needed with current irrigation systems.
- The district is looking at increasing acre utilization and existing inactive acres I own need to be utilized prior to new acres being awarded.
- The application fee is non-refundable.

### **Important Information**

- Application fee: \$700 per parcel (non-refundable) + GST
- Maximum 150 acres total per application
- Processing time: 3–6 months
- All agreements subject to Remote Delivery Agreements, Easements and/or access agreements where applicable
